SECTION IV – CI Special Terms and Conditions – 3U50CI123668-05S3 REVISED

Amendment Number One

This revised Notice of Award provides the remaining FY10 funding in the amount of \$705,733 (includes unobligated funds in the amount of \$31,315 from budget year 04) to support activities as outlined in recipient's original application dated September 18, 2009.

The following Administrative Requirement (AR) is incorporated into this award:

AR 29: Compliance with EO13513, ?Federal Leadership on Reducing Text Messaging while Driving,? October 1, 2009: Recipients and subrecipients of CDC grant funds are prohibited both from texting while driving a Government owned vehicle and/or using Government furnished electronic equipment while driving any vehicle. Texting means reading from or entering data into any handheld or other electronic device, including SMS texting, e-mailing, instant messaging, obtaining navigational information, or engaging in any other form of electronic data retrieval or electronic data communication. Driving means operating a motor vehicle on an active roadway with the motor running, including while temporarily stationary due to traffic, a traffic light, stop sign or otherwise. Driving does not include operating a motor vehicle with or without the motor running when one has pulled over to the side of, or off, an active roadway and has halted in a location where one can safely remain stationary. Grant recipients and subrecipients are responsible for ensuring their employees are aware of this prohibition and adhere to this prohibition.

All other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise change by the Grants Management Officer.

PLEASE REFERENCE YOUR AWARD NUMBER ON ALL CORRESPONDENCE

This revised Notice of Award provides supplemental funds as outlined in recipient's application dated September 18, 2009.

SUPPLEMENTAL FUNDS: CDC is operating under a continuing resolution and as a result the total available funding for the FY10 twelve month cost-extension budget period January 1, 2010 through December 31, 2010, is contingent on the approval of the appropriation bill. Your anticipated 12-month budget amount is \$947,671 Financial Assistance (FA). This award reflects 33% of your anticipated total 12 month budget for the FA. Therefore, the amount of \$352,930 in Financial Assistance (FA) is awarded. Continued spending of the originally approved budget is authorized to support cost associated with recipient's originally approved activities.

UNOBLIGATED FUNDS: This award includes use of Year 04 unobligated funds in the amount of \$15,424 which has been applied as an offset to the current funding amount. The use of unobligated is approved based on the Financial Status Report (FSR) dated 03/26/09. The amount of this notice of award will be subject to reduction if the actual amount of unobligated is less than shown on the referenced FSR.

REPORTING REQUIREMENTS: Final Progress Report and Financial Status Report (FSR) are due March 31, 2012.

All other terms and conditions issued with the original award remain in effect throughout the budget period unless otherwise changed, in writing, by the Grants Management Officer.

ERCC immediately filed three separate FOIA
requests seeking the names and contact
information of every state party, and a detailed
copy of every document received from the
state parties.

The ERCC's request for names and contact
information was denied by the state parties.
The state parties asserted that the information
was exempt under FOIA section 552(e)(2) because
it was "not reasonably related to an agency
function." The state parties also asserted
that the information was exempt under FOIA
section 552(e)(3) because it was "likely to
cause substantial harm if disclosed."

Upon review of the records, the ERCC found no
evidence supporting the state parties' claims of
substantial harm or that the information was
not reasonably related to an agency function.
The ERCC therefore appealed the denial to the
Administrative Appeals Board.

The AAB denied the ERCC's appeal, finding
that the state parties' claims of substantial
harm were not supported by the record.

The ERCC appealed the AAB's decision to the DOL
Administrative Review Board.
